

# **v-VGA/AV**

## **VGA to RCA Composite and S-Video Converter**

The VGA to NTSC/PAL converter box will convert the VGA output of a v-Hd410, v-Hd-1010 or a computer to a standard definition television signal on both RCA composite or S-Video outputs. A VGA 'pass-thru' output is also included if you want to display the output on a PC monitor as well.

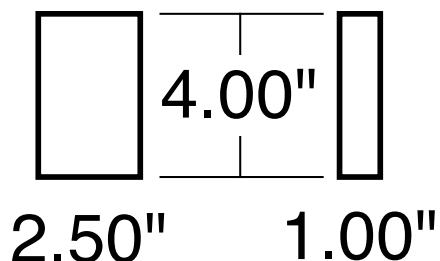

A power adapter is not needed because the supplied USB cable will provide the necessary power for the unit. Just plug it into USB port on the v-Hd410, v-Hd-1010 or computer for power.

### **Features of the v-VGA/AV include:**

- Outputs a v-Hd410, v-Hd-1010 or a computer's VGA display onto a regular television set.
- Supports both NTSC and PAL
- Input: VGA
- Outputs: S-Video (higher quality), RCA Composite Video (lower quality), and VGA pass-thru
- Compatible input resolutions: 800 x 600 @ 60Hz, 800 x 600 @ 75Hz, 1024 x 768 @ 60Hz
- Adjustable lightness, hue, contrast, saturation, and color
- Unit is powered by included USB cable

### **The v-VGA/AV includes:**

- 1 x VGA Cable
- 1 x RCA Cable
- 1 x S-Video Cable
- USB Power Cable
- User Manual
